

The material balance shows the energy and resource inputs and the products and environmental impact resulting from activities (output) in Casio's fiscal 2024 business activities.

■ Items related site activities ■ Items related products

\*Products do not include consumables other than toner cartridges and label printer tape cartridges.

Amount of electricity consumption during product use is applied, as determined in the Scope 3, Category 11 calculation process.

\*The amount that could be recycled out of the amount shown in "Recovered."  
Amount recycled in FY2024 includes a portion of that recovered in FY2023.

Items with a third-party guarantee are marked with \*.
